## PERU NEWS

By Henrietta Myers  
Newsy notes of Alliance people and others at Peru State Normal

Miss Leah Kraemer wrote an interesting article on "Music from the Long Ago to the Now" for the April Normalite.

An excellent entertainment was recently given by the primary department of the Methodist church. Jasen and Leonard Hayes, Bobby and Betty Barker and Herbert Myers took part.

The Peru base ball team has won all the games played this season and have good reasons for expecting to win all future games.

Mrs. B. Mewhirter, who has been taking a course in Manual Training, has just completed a piano bench. This is of walnut and is said to be one of the finest articles in both design and workmanship ever made in this department.

At a recent session of the Everett Literary Society we were entertained by a Shakespearean program. The parting scene and balcony scene from "Romeo and Juliet" were given.

Arbor Day of 1913 will go down in the annals of Peruvian history as one of its greatest days. Between twenty-five and thirty acres of the state grounds were cleared of underbrush and leaves by the students, faculty and citizens on that day. This was the first work toward converting these wooded hills into a park which will add much to the attractiveness of the Peru State Normal. The work will be continued by the State Board of Education.

The May Festival to be held May 22, will be undoubtedly the best entertainment of this kind ever given here. Those taking solo parts will be: Miss Adalyn Blankenship of Peru, soprano; Miss Esther May Plum of Chicago, contralto; Mr. Moses James Brynes of Chicago, tenor; and Mr. Herbert Witherspoon of the Metropolitan Opera Company, New York City, basso. Other attractions will be the "Adelphai Quartet" and the "Oratorio of the Messiah." Every one is given an invitation to attend this great musical treat.

# Help Advertise Our Exhibit

At considerable expense the Burlington has established a permanent Agricultural Exhibit in the General Office Building, 547 W. Jackson Blvd., Chicago, and all interested are invited to help advertise this exhibit of western farm products raised in your locality.

You can do this by writing your friends and relatives in the East, calling their attention to this exhibit.

You can also help settle your locality if you will send me the names and addresses of persons back East whom you think might be interested in your country. Do not delay but send me their names now and I will forward our latest literature.
